PROFILE

HR Business Partner with 7.5+ years building and scaling people systems across high-growth startups. Currently at Finbox, driving performance management, OKR governance, competency frameworks, and employee relations for a 230+ employee span. Experienced in KPI-driven PMS, HRMS implementation, ESOP rollout communication, org design, and people analytics.

PROFESSIONAL EXPERIENCE

HR Business Partner · Finbox

Jan 2026 — Present

Full-time · Bangalore (Onsite)

- **Performance Management and OKR Governance:** Led end-to-end PMS cycles on Keka and institutionalized quarterly OKR frameworks across teams, driving goal alignment, structured reviews, and improved performance accountability.
- **HR Business Partnering and Span Leadership:** Acted as HRBP for 230+ employees in a 370-member organization, partnering with leadership to drive people strategy, resolve organizational challenges, and enable data-backed decision-making.
- **Competency Framework and Career Architecture:** Designed and implemented a comprehensive skill and competency matrix across functions, enabling structured career pathing, clearer role expectations, and targeted development planning.
- **Employee Engagement and Experience Optimization:** Led employee connect initiatives and redesigned eNPS and onboarding feedback mechanisms, generating actionable insights to enhance engagement and improve onboarding effectiveness.

HR Manager · Attri

Jan 2025 — Nov 2025

Full-time · Ahmedabad (Onsite)

- **Performance Management, HR Systems, and Automation:** Redesigned PMS framework with measurable KPIs, co-developed an in-house performance management system using CursorAI, and automated key HR workflows including communications, reimbursements, asset tracking, and leave notifications to improve efficiency and tracking accuracy.
- **HR Governance and Policy Architecture:** Overhauled end-to-end HR documentation including offer and appointment letters, onboarding kits, appraisal and confirmation templates, exit and handover processes, and Employee Handbook, ensuring policy consistency and reduced operational risk.
- **HR Tech Implementation and Process Digitization:** Led deployment of Zoho People, automating leave, attendance, and core HR workflows, driving adoption and streamlining HR operations across the organization.
- **Employee Lifecycle Management and Relations:** Designed structured probation review process improving clarity and time-to-productivity for new hires, mediated employee conflicts, and led group insurance rollout ensuring 100% coverage compliance and issue resolution.

OD Consultant · Skillsbucket

Oct 2024 — Dec 2024

Part-time · Ahmedabad (Onsite)

- Managed end-to-end project of implementing KPI-based PMS on Zoho People for a 130+ member IT team.

HR Business Partner · Eclat Engineering

Apr 2020 — Aug 2024

Full-time · Ahmedabad (Remote)

- Headed the HR department, collaborating closely with senior leadership to design and implement comprehensive HR policies and practices for diverse global teams (APAC, Africa, LATAM).
- Owned end-to-end development and execution of HR programs covering recruitment, onboarding, retention, performance management, compensation, benefits, rewards, recognition, and employee engagement.
- Revamped and streamlined the remote onboarding process, significantly enhancing new hire experience and reducing time to full productivity.
- Implemented OKR tool (PeopleCues) to help track visibility and drive performance across the organization. Led the design, rollout, and communication of an OKR-based Performance Management System to improve goal alignment and performance clarity across teams.
- Crafted band-wise Competency matrix to facilitate Succession Planning and drive organization-wide learning.

Senior Consultant · Skillventory

Aug 2018 — Mar 2020

Full-time · Ahmedabad (Onsite)

- Consulted leading Investment Banks (Morgan Stanley, Goldman Sachs, JP Morgan Chase, Wells Fargo), E-commerce giants, Gaming ventures, Product Firms, and Start-ups to find the right candidates.
- Served as the single point of contact for two of the Big Four consultancies to understand staffing requirements, manage resources, and strategize to ensure successful delivery.
